Kernan Consulting CEO to speak at BreakAway 2009 Event in August

San Diego, CA (June, 30th 2009) Kernan Consulting (www.KernanConsulting.com), an international technology consulting company offering Coaching, Advising and Mentoring programs to the small IT VAR, announced today that its CEO, James Kernan, will speak at the CompTIA BreakAway 2009 event at The Mirage Resort and Casino, Las Vegas, Nevada on Aug. 3-6, 2009.

“BreakAway is one of the premier events in the industry and I’m excited that Kernan Consulting is going to be a part of this conference”, said James Kernan, CEO of Kernan Consulting. The three-day agenda is filled with general and educational sessions led by industry leaders. They will address business challenges and provide insight into the always-changing industry. This event brings IT vendors, reseller, distributors, educators and media together in Las Vegas to network, collaborate and learn about new technology and business trends.

“Businesses are challenged daily by many issues today, which too often fall outside the expertise of the business operator,” said Kelly Ricker, vice president, events and conferences, CompTIA. “At Breakaway, attendees will have a great, no-cost opportunity to get specific questions answered and learn about options for long-term guidance on these matters.”

Each year Breakaway attracts senior executives from companies at the forefront of technology innovation and the business and channel partners they rely on to bring products and services to market. The conference provides a setting for exhibitors and attendees to learn new ways to grow their businesses, gain insight into the latest industry trends and form new partnerships.
