Kernan Consulting CEO to speak at the SMB Nation Event in October

San Diego, CA (July, 15th 2009) Kernan Consulting (www.KernanConsulting.com), an international technology consulting company offering Coaching, Advising and Mentoring programs to the small IT VAR, announced today that its CEO, James Kernan, will speak at the SMB Nation 2009 event at The historic Riveria Resort and Casino, Las Vegas, Nevada October 2-4th, 2009.

SMB Nation Fall returns for its 7th year with all new content and an expanded view of the SMB technology opportunity. Now more than ever, SMB consultants and channel partners need a "makeover" that includes new business practices, increased professionalism, and new technology opportunities above and beyond network infrastructure.

SMB Nation Fall 2009 is a blend of business content (BusinessSpeak) and technical content (GeekSpeak). This curriculum, presented in an academic learning environment, fosters professional peer interaction that will continue long after the weekend. Much of the content is oriented toward creating immediate results you can use the following day (for example, the "How To" paradigm). The goal of our rich content is to help you immediately generate more cash!

Kernan Consulting will be part of the BusinessSpeak sessions and will help teach resellers how to market their business more successfully. The business session will be called: **How to Create Successful Vendor Relationships “The Secrets to Working with Vendor Partners”**. “Working with your partners is more important than ever in today’s economic climate,” says James Kernan CEO of Kernan Consulting “I really enjoy working closely with resellers and help motivate them to more effectively market their business. Our customers have been getting fantastic results and we will be revealing some of our secrets and content during this session,” adds James Kernan.
