Kernan Consulting Announces New Group Coaching Program

San Diego, CA (April 2nd, 2009) Kernan Consulting (www.KernanConsulting.com), an international technology consulting company offering Coaching, Advising and Mentoring programs to the small IT VAR, announced today that it will be introducing another new Group Coaching Program starting this summer. This program is based on Encouragement, Accountability and Real World experience that will make you more successful.

Based on customer demand, Kernan Consulting has created a succession program for all the 36 Month Millionaire alumni, members and other technology resellers. This new **GROUP CONSULTING PROGRAM** called the Chairman Program.

“This Consulting package tailored to you, and will help get you working “ON” your business and not “IN” your business. We will review **Ten key business strategies** and go through every department in your business from Accounting to Operations. This program will have an immediate impact on your business. It will also show you how to rapidly build your business while reducing costs at the same time”, explains James Kernan, CEO of Kernan Consulting.

We will plan a Group conference call 1x a month – bundled with a one on one conference call with a Kernan Consulting Consultant going through that month’s lesson. Giving you guidance, encouragement and holding you accountable to get these exercises completed. We will review every department in your business from accounting to operations.

The program starts with a business assessment giving us a gauge of where you are at. Then go through the rest of the sessions, one per month giving you time to make progress and complete tasks. We will review things like your sales process, accounting procedures, helpdesk and your personal balance between work and family.
