Kernan Consulting Sponsors the 2012 San Diego Business Summit

San Diego, CA (January 15th, 2012) Kernan Consulting (www.KernanConsulting.com), an international technology consulting company offering Coaching, Advising and Mentoring programs to the small IT VAR, announced that it is again sponsoring The San Diego Business Summit. The event will be held in San Diego on April 27-28th of 2012 at the DoubleTree Golf Resort by Hilton. The event is an all day Sales, Marketing and Leadership workshop that had a variety of great speakers and topics. The prior day will be dedicated for its membership based Chairman's Roundtable Peer Group meeting.

The day will be packed with information that will help you grow your business. The theme of the event will be *Creating a Culture of Success*. We will have several CEO's from highly successful companies speak about this topic and what they did to become a success. Kernan Consulting wants to help its customers grow their business and brings the partners together to make that happen. There will also be a private Peer Group meeting for the Chairmans Roundtable members. This is a new peer group coaching program that will GET YOU CONNECTED TO YOUR PEERS and EDUCATE you along the way. See below for more information on our new program called The Chairman's Roundtable Peer Group.

The event will also include an update from the newly formed HALO-Network national service network. Several case studies will be presented demonstrating that we are all "Better Together". The concept of the network is to pool resources together so can combine our strengths across the country. This way the network can compete head to head with national VAR's when before they didn't stand a chance.
