Kernan Consulting announces the 2nd Round to its 36 Month Millionaire Program

San Diego, CA (May, 2nd 2008) Kernan Consulting (www.KernanConsulting.com), an international technology consulting company offering Coaching, Advising and Mentoring programs to the small IT VAR, announced today that its 36 Month Millionaire Program was so successful it plans to launch a second round. “We opened the original program up with expectations of signing up 100 companies, and sold out in less than 30minutes! There was obvious demand, but I wanted to make sure I could get the results we were expecting before we rolled out another round of the program. After we received such rave reviews and positive feedback, I knew that we should run the program again,” states James Kernan, CEO of Kernan Consulting.

In May the company plans to offer the 36 Month Millionaire Telesales Coaching Program to another 100 business owners in the small IT VAR industry. Last year we had over 100 customers from half a dozen different countries go through the program including Ireland, UK, Australia, New Zealand, Canada, Denmark and the US.

“We have had some phenomenal results by some of the participates and I look forward to making the next program even better. Based on some of the feedback, I’m adding more templates and information on Sales Management and Vendor Relations,” says Kernan.

“Since I’ve been in the program, our NET income has risen 69%,” states Malcomb McGee CEO of CMIT. Another positive story was from Pam Vivieros of ThinkTech Computers in Boston. “We have done in the first quarter of this year what normally took us half a year to do in the past. Our goal is to hit \$835,000 in revenue this year and \$1.5M next year. I’m confident that as long as we follow your advise and take action, the tremendous tools and voice of experience you have given us will get us to our goals and beyond, ‘ claims Pam Vivieros, Principal of ThinkTech Computers
