Kernan Consulting announces the 3 Step Millionaires Coaching Program

Kernan Consulting forms strategic partnership with The Wisser Agency to launch new program

Austin, TX (November, 1st 2017) Kernan Consulting (www.KernanConsulting.com), an international technology consulting company offering Coaching, Advising and Mentoring programs to the small to mid-size business owner, announced today that they have formed a strategic partnership with The Wisser Agency. The two award winning firms will launch a new coaching membership community and program called, The 3 Step Millionaires Program.

“This Course Will Grow Your Business & Change Your Life... We help business owners become better leaders. Our membership community equips you to grow yourself, your team and your business profits. This program has the blueprint, tools and resources you need to become a multi-million dollar success,” explains Chris Wisser, CEO of The Wisser Agency.

Both firms have been working together behind the scenes for the past year, creating content, recording sessions and building this program. The membership program will include over 25 modules covering everything you need to know to build and run a successful business, step by step video sessions, workbooks, on-line access to the video/template library, weekly mastermind coaching calls and a community of like peers that will help members achieve their goals.

“We opened the beta program up with expectations of signing up 50 companies, and in less than 60 minutes we received replies back from far more than that! After we received such rave reviews and positive feedback, I knew that we should put this program together,” states James Kernan, CEO of Kernan Consulting.

“We historically have had phenomenal results by many of our customers and now look forward to making this new program even better by working together with them. Based on early feedback, we are adding more information on Digital Marketing, Startup, Leadership, Sales and Vendor Relations,” says Kernan.
