Kernan Consulting CEO nominated to the SMB TOP 150 List for 2012

San Diego, CA (March, 15th 2012) Kernan Consulting (www.KernanConsulting.com), an international technology consulting company offering Coaching, Advising and Mentoring programs to the small IT VAR, announced today that its CEO, James Kernan, was nominated to the SMB 150 List as one the movers and shakers in the Technology Community.

SMB Technology Network (SMBTN) and SMB Nation—à la *SMB PC* magazine—have surveyed hundreds of professionals to come up with the Top 150 nominees for 2011. The list was created by the SMB community for the SMB community. It is a function of good citizens voting for like-minded good citizens who deserved recognition for good deeds. It's neither vendor-sponsored nor otherwise supported by outside interests (such as political action committees). At the same time, it is not limited to a specific group either. Therefore, you may recognize names of key MVPs, vendors, and media personalities right alongside those of respected peers in the channel.

“It is an honor to be nominated to the SMB Top 150 List. What I appreciate the most is that the vote was from my peers in our industry. Again what an honor to be in such good company and be recognized with industry influencers”, stated James Kernan CEO of Kernan Consulting.
